**\*\*\*ADDITIONAL INFO REQUIRED FOR PARTNERSHIPS, FAMILY FARMS, AND BUSINESSES\*\*\***

If your equity is issued in the name of an entity such as a family farm, partnership, business, LLC, etc., CHS Inc.'s redemption policy requires us to secure the name, address, tax identification number, and date of birth of all owners as well as their percentage of ownership in the entity. All owners may be required to sign an Affidavit of Ownership if ownership documents cannot be provided.

**\*\*\*EQUITY REDEMPTION LIMITATIONS\*\*\***

The equity distributed to you as a result of the merger acquisition between Elburn Cooperative Company and CHS Inc. is redeemable under the limitations set under the merger agreement. That agreement states that the redemption of equity is subject to a limit of \$250,000 for the first two fiscal years, beginning with CHS' fiscal year ending August 31st, 2017, with a possible increase to \$500,000 the following three fiscal years depending upon the profitability of the entity. Priority for payment is given to all death/estate redemptions which are paid throughout the year. On August 31st, if the limit has not been used up by estate payments, the age eligible redemptions will be issued in birth date order (oldest member to most recent) until the limit is reached. All remaining age eligible requests will be held over and become part of the next CHS fiscal year-end review process.
